

MONDEX

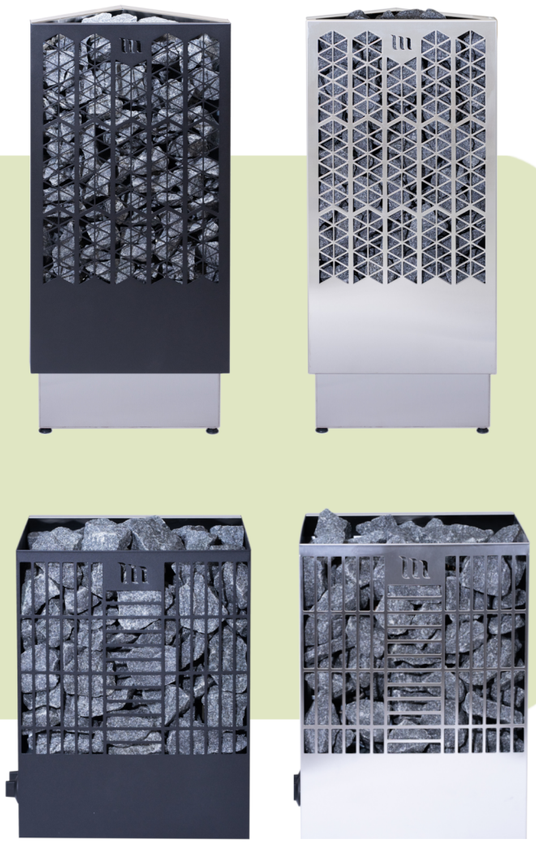

MONDEX AURA E2/E2 WiFi AND KYMI M – STYLISH CHOICES FOR MORE COMPACT SAUNAS

Aura and Kymi bring soft steam even to the smaller saunas. Thanks to their compact size, they are the perfect fit for spaces where sensible use of space is just as important as good steam.

Mondex designs and manufactures high-quality sauna heaters that combine Finnish craftsmanship, modern technology, and timeless Scandinavian design.

Our sauna heaters are built to deliver reliable performance, enjoyable steam, and user-friendly control options for every sauna.

With durable materials, thoughtful engineering, and smart usability features, we bring comfort, convenience, and a touch of everyday luxury to the sauna experience.

AURA E2/E2 WiFi

Aura makes efficient use of the sauna corner, freeing up valuable space for other purposes. Sauna planning becomes more flexible, while the heater's minimalist design completes the overall look of the sauna.

The 70 kg stone capacity stores heat efficiently and produces soft, long-lasting steam. Aura can be installed directly against a paneled wall without additional reinforcement or embedded into the sauna benches. E2 and E2 WiFi control options bring convenience and flexibility to sauna heating.

KYMI M

Kymi is a compact wall-mounted heater that delivers a sauna experience beyond its size. Small safety distances allow installation even in smaller saunas without compromising steam quality.

The 30 kg stone capacity and perforated steel casing create versatile steam from floor to ceiling. Easy-to-use mechanical controls and reversible control placement make installation and everyday use effortless.

Mondex. Quality, design and Finnish craftsmanship - visible in every detail, felt in everyday use, and trusted to last.

Mondex heaters. Sauna heaters that combine authentic Finnish steam with lasting warmth and Nordic design.

AURA

CLEVER CORNER HEATER FOR EFFICIENT USE OF SAUNA SPACE

MAXIMIZES THE USE OF SPACE IN A SAUNA

The structure of this corner heater utilizes the sauna's corner efficiently and frees more space for the benches and moving about.

70 KG OF STONES, SOFT STEAM

The large stone capacity stores heat efficiently and produces soft, even and long-lasting steam.

INSTALLS DIRECTLY AGAINST A PANELED WALL

No rear safety distance and no need for additional wall reinforcement.

FLEXIBLE INSTALLATION OPTIONS

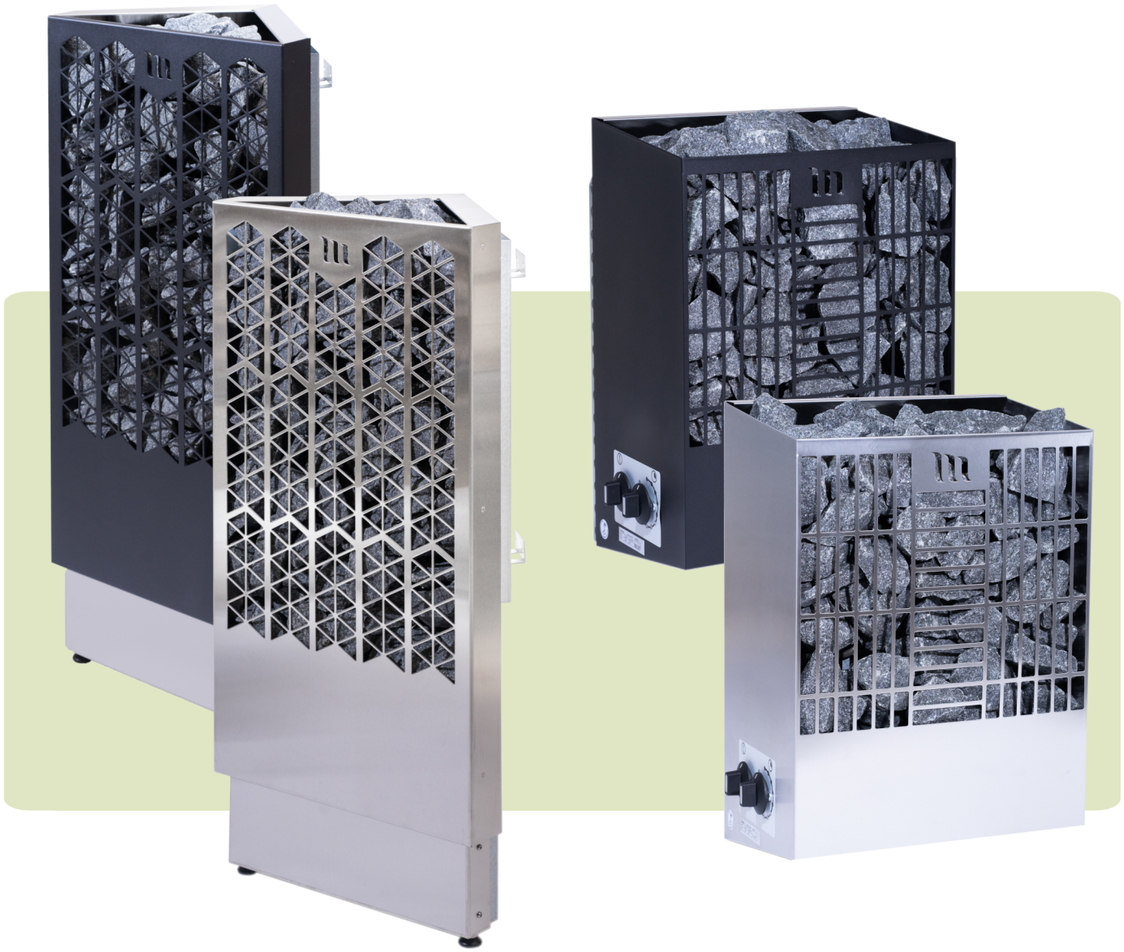

Designed for corner installation and can also be integrated into sauna benches with an embedding flange.

ACCESSORIES FOR ADDED CONVENIENCE

A 25 cm extension section is also available for different sauna configurations.

MODERN CONTROL OPTIONS

Available with E2 and E2 WiFi controls: precise temperature adjustment, timer functions and remote control capability.

KYMI

STYLISH AND COMPACT WALL-MOUNTED HEATER FOR VERSATILE STEAM

IDEAL FOR COMPACT SAUNAS

Small safety distances allow flexible placement even in smaller sauna spaces.

VERSATILE STEAM

The perforated front distributes heat efficiently. Steam can be enjoyed even on the lower benches.

EXCELLENT HEAT RETENTION

The 30 kg stone capacity stores heat evenly and enhances the sauna experience.

REVERSIBLE CONTROL PLACEMENT

The control switches can be installed on either the right or left side of the heater to suit user preferences.

EASY INSTALLATION

The included wall-mounting bracket speeds up and simplifies installation.

TIMELESS DESIGN

The clean design, combined with a black or stainless steel finish, allows Kymi to complement a wide range of interior styles.
